

Top 10 cosmetic plastic surgeries for men and women

The top 10 cosmetic plastic surgery procedures for men and women revealed! (Surgical and Minimally-Invasive)

Top 10 Procedures: Women

1. Botox (3,525,868)
2. Chemical Peel (925,030)
3. Microdermabrasion (636,660)
4. Laser Hair Removal (609,345)
5. Sclerotherapy (varicose veins) (583,870)
6. Breast Augmentation (291,350)
7. Liposuction (287,932)
8. Nose Reshaping (198,732)
9. Eyelid Surgery (197,709)
10. Tummy Tuck (128,874)

"In recent years, Botox has become an overwhelmingly popular procedure with over 3.5 million women receiving Botox last year alone. The most popular surgical procedure with women over the last 12 months that they measured this data was breast augmentation," says Dr. Greg Wiener, Board Certified Plastic Surgeon.

Top 10 Procedures: Men

1. Botox (313,519)
2. Microdermabrasion (201,051)
3. Laser Hair Removal (173,387)
4. Chemical Peel (108,998)
5. Nose Reshaping (99,680)
6. Hair Transplantation (39,244)
7. Laser Skin Resurfacing (37,998)
8. Liposuction (35,673)
9. Eyelid Surgery (32,988)
10. Breast Reduction in Men (16,275)

Additional Thoughts from Dr. Greg Wiener:

"I predict an upswing in breast augmentation among women based upon the renewed availability of the silicone implant, allowing for a smoother, more supple appearance post-surgery. Also, what may surprise people is that Botox is the most popular procedure among men as well, with nose reshaping being the most popular surgical procedure."
